

Options for Regular Medical Toenail and Callus Care

We do not offer regular scheduled nail and callus care as a service in our clinic. We do provide treatment of acutely painful ingrown toenails.

The following are podiatrists and foot care nurses who provide regular medical toenail and callus care. We have had good feedback from our patients regarding these providers, but we have no affiliation with these providers and make no specific recommendations.

The nurses charge between \$25 and \$45 per visit. The podiatrists can usually bill Medicare for your first visit. Subsequent visits for nail and callus care are only covered if it is determined to be medically necessary.

Senior and Community Centers with Medical Foot Care Nurse Services

Most charge \$25 - \$45 per visit

<p>SEATTLE</p> <p>Ballard Senior Center Central Area Senior Center Greenwood Senior Center Lake City Senior Program Southeast Seattle Senior Center Wallingford Senior Center West Seattle Senior Center Southeast Seattle Senior Center</p> <p>At these centers foot care nurses are available by appointment. Contact the individual centers for an appointment.</p>	<p>SUBURBS</p> <p>North Bellevue Community Center Edmonds Senior Center Issaquah Valley Senior Center Mercer Is. Parks and Rec Dept. Peter Kirk Senior Ctr. (Kirkland) Lynnwood Senior Center Northshore Senior Center Redmond Senior Center Shoreline Senior Center Sno-Valley Senior Center</p> <p>Other senior centers also provide this service. Contact them to see if medical nail care is provided.</p>	<p>Foot Care Nurses are usually registered nurses who have been trained by a podiatrist to provide nail and callus care to those who are at risk of infection or who have difficulty taking care of their own nails and calluses.</p> <p>We recommend that you confirm ahead of time that your care will be performed by a nurse who was trained by a podiatrist.</p>
